PROFILE

Hi, I'm Maggie and I'm User Experience designer with an architectural design background. Drawing from my experience in creating user-centric spatial solutions, I am eager to apply my design sensibilities, attention to detail and problem-solving skills to tackle UX challenges.

Currently working on 3 real client UX projects with CuriousCore to solve unique business challenges.

EXPERIENCE

CuriousCore, Singapore

June 2023 - Present, User Experience Trainee

- September: delivered low-fi prototypes, coordinated user-tests with clients of ZOLO, a B2B food supplier order management platform.
- August Project: Led a team of 3 to carry out UX Design project for SaladStop!, consisting of on-site user surveys, usability testing, low-fi prototypes
- July Project: As a researcher in a team of 4, delivered user insights for Tribe, using user interviews, user surveys, and user flows.
